MAYOR GARRETT WILL ASK ORGANIZATION OF COMMITTEE

## URGES ACTION STARTED

**Invites Civic, Religious, Educational and War Activities Societies to Be Represented at Meeting.**

The suggestion that Maryville erect a suitable memorial in honor of the Nodaway county soldiers and sailors promises to take definite form. Mayor W. O. Garrett today announced that he would ask that a central committee be organized from members of the various civic, religious, educational and was activities organizations in the city to take up the matter and see if definite plans might not be worked out. Mayor Garrett will ask that each organization name one of their members to this committee, the whole to form a central committee that will go into the matter thoroughly, working out such plans as may be deemed feasible that will result in a substantial memorial being erected.

Said Mayor Garrett today: "It seems that the people generally have expressed their opinion in favor of a memorial of some kind and I believe the cause merits action. While we all want to have a part in it, nobody seems inclined to make a start. I believe we can get at it by the organization of a central committee composed of members of the various religious, civic and war organizations of Maryville and I am writing each of them a letter asking that one of their members be named to such a committee. These organizations are thoroughly representative of Maryville and of the spirit and sentiment concerning a memorial and I believe that such a committee will be able to devise ways and means to build it."

Mayor Garrett will ask that the first meeting of the committee be held on the evening of February 14 in the Commercial Club rooms for discussion of plans and to take such further steps as may be decided on.

Representation on the central committee will be asked of the following organizations:

Nodaway County Red Cross.
Liberty Loan Committee.
War Savings and Thrift Stamp Com.
United W. W. Campaign Committee.
The City Council.
Commercial Club.
Ministerial Alliance.
Maryville Home Guards.
Nodaway County Court.
Public Schools.

## [illegible]G FIRE A YEAR AGO TODAY

**This Is the Anniversary of the aMryville's Most Destructive Conflagration.—All Rebuilt Now.**

Among its other anniversaries Maryville will have occasion to remember January 30, 1918. Just a year ago today occurred the big fire that burned down five Main street buildings and did damage amounting to $150,000. It will long be remembered as one of the most exciting nights in the history of the city, as with the thermometer registering eleven degrees below zero and the fire department badly handicapped by intense cold and poor water pressure, it looked as if the entire Main street block would soon be in ashes.

All the buildings destroyed by the fire have been rebuilt and few traces of it now remain.

## PRESIDENT IN CAMP

AMUSING INCIDENT OCCURRED ON TRIP OF INSPECTION

## HIS "ORDERS" ARE OBEYED

**Mr. Wilson Shows Unfamiliarity With Military Requirements But Gave Pershing Correct Command.**

Paris, Jan. 30.—(By Mail).—Following his Christmas dinner at Montigny le Roi, headquarters of the Twenty-sixth Division, President Wilson stopped at several French towns in the Yankee Division's billeting area to inspect the living quarters of the troops. Mrs. Wilson, General Pershing, General Liggett, Major General Sumner—all, Rear Admiral Grayson, Brigadier General Harts and Ambassador and Madame Jusserand were present also.

In the village of Sarrey, headquarters of the third battalion of the One Hundred and Third Infantry Regiment occurred two rather amusing incidents of the inspection trip.

The first billet entered was the second floor of a typical French stable which was occupied by Corporal R. Turner in charge of the billet; Corporal Nycre, Privates Sokoslik, Benir, Montgomery, Sutton, Mitchell, Pitman, Simmons, Stehlik, Stewart, Whity, Stibbons, Davis and Carm all of Company I.

The room was spic and span, all equipment being neatly arranged on the bunks for inspection. General Pershing pointed out to the President the various parts of the equipment and explained their uses. Finally the General picked up from one of the bunk several sections of a collapsible tent pole and put them together, demonstrating to the President the use of this ingenious piece of the enlisted man's equipment. The demonstrations completed, the General dropped the pole back on the bunk and was turning toward other equipment when President Wilson touched him on the shoulder and pointed toward the tent-pole, lying out of place among the other well ordered equipment.

"Perhaps this man's kit will be inspected again and he wants it left just as we found it"

Then with the smile that has become famous during his visit to France he said.

"As your commanding officer, General Pershing; I order you to replace that tent pole just as you found it."

General Pershing, with his military precision which is a byword in the A. E. F., promptly recovered the humble tent pole carefully disjointed it and laid the pieces exactly in their proper places on the bunk. He then faced about and using the exact words of any junior officer in reporting to his senior officer, saluted and said:

"Sir, your order has been obeyed."

The incident brought a hearty laugh from all of the President's party and it was aslo noticed that the corporal was seized with a violent fit of coughing at the same moment.

At another billet occupied by Corporals W. E. Gould (in charge), Hesam, Wilderm, Hood and Potter, and the privates in their squads, totalling about thirty men, the President gave proof of his unfamiliarity with some of the primary requirements of soldiers.

The men were standing rigidly at attention, their eyes straight to the front. They were a fine looking lot and on the brest of several were pinned the ribbon of the Distinguished Service Cross. The President smiled genially as he approached these veter-

## TO GET WAR RECORD

SECURE BIOGRAPHY OF NODAWAY COUNTY MEN WHO SERVED

## 1,020 NAMES ARE ON LIST

**Miss Olive De Luce Appointed by Adjutant General to Have Charge of Compiling the Data.**

Miss Olive De Luce has been appointed head of the work in Nodaway county of securing a biographical record of each soldier in military service, for the purpose of securing an exact account of Missouri's participation in the war.

Miss Bettie Turner, head of the home service section of the Red Cross, has a list of every soldier in service which is as near correct as could be obtained since her work was started and this list contains 1020 names.

This work is being done under the direction of the adjutant general of the state and the appointment in Nodaway county was made through Miss Jessie Parcher, chairman of the women's division of the national council of defense, which has now discontinued its activities.

It is the purpose of the state to secure all data regarding the soldiers of Missouri and their participation in the war and when it is completed the records will be bound in appropriate volumes and become a part of the state's history.

Miss De Luce will formulate a system of doing the work and subdivide the county into sections and appoint assistants to aid in securing the necessary history of each soldier.

## ARCH CARTER BACK

WAS SERIOUSLY WOUNDED IN FIGHTING IN ALSACE

## IN HOSPITAL 4 MONTHS

**Says Argonne Saw Bloodiest Battles of War and Regrets He Had to Miss It—Carries Souvenir.**

"I'm happy as a lark to get back—it was a great experience, but I'd not give a dime for another like it." It was Arch Carter, just out of service with the 35th division in France, talking. Mr. Carter returned home last night from Jefferson Barracks where he received his discharge papers.

Mr. Carter saw service in the Alsace region, his division being in the fighting in the Vosges mountains, where he was wounded shortly after getting to the front. "No, I don't bear any visible marks of it," he said, "but I'm carrying them around, however. My regret is that I should have been wounded so early in the game, for I missed the later fighting in the Argonne and at some of the other places. The Argonne saw the bloodiest battles of the war and they butchered them right and left.

"The fact of the matter is," he continued, "it was bigger than our boys were ready for, but they tackled the job, nevertheless."

Carter was wounded by shrapnel and has been in the hospital since last August. He is entirely recovered from his wounds, but still carries a large piece of shrapnel in his right limb.

In the East the people are showing their appreciation of the return of the soldiers by entertaining them in every way imaginable and showing them many attentions, he said. Going over in advance of the men of the 89th division, Carter said he did not meet any of the Nodaway county boys while in France, the two divisions being widely separated most of the time.

His foot slipped and to protect himself in falling he threw out his arm and the wagon passed over his arm, breaking the bone about two inches below the shoulder blade.

In addition to the break, the bone was split. Mr. Andrews was taken to the hospital at Wichita, Kan., and is still there for treatment.

### FROM LESTER HOLADAY.

**Mother Receives Letter From Son in Signal Corps in France.**

Mrs. Ida Holaday has received the following letter from her son, Lester Holaday, with the American forces in France. Lester has been overseas nine months and is in the signal service:

Camp Hunt, Lecourneau, France.

My dear Mother: I know that you will be interested in what we had for Christmas. Well, the first course was turkey, potatoes, dressing, then pie, cake, candy, cigarettes and cigars. The turkey was a little bit too salty, but that doesn't make any difference to a hungry soldier. We would have had a pretty nice time that day if our liberty had'nt been cut so short. There is a little city by the name of Areachon which they call "Palm Beach France." It is within seven miles of our camp and on the beach and a good place to enjoy army life. I enjoyed yours and Laurena's Christmas presents very much and I thank you both in return for them. Yes, I am still working in the signal corps. I like it fine and will get to work at it until I return home. My pal that works with me was up on a pole a few days ago and it broke off with him and of course the ground stopped him. It hurt him, but nothing serious, only bruised him up a bit. Don't worry about me, for I will take care of myself. I am feeling fine and raring to take that ship ride home. Received your newspapers today and was sure glad to get them. The Maryville news looks real good to me. How is little brother and sister? Tell them I Will soon be home and they can tease me some more. I have to laugh when I think how funny they used to be. If I don't get home little brother will be big enough to wear my clothes. Very near nine months I gave out in this country and I am ready to come home. I see where Maryville has a new Woolworth store. It will be a great help. Big stores is what we should have to make our city look nice. If we only had some big factories it would be a great thing, too, for the laboring man doesn't stand a ghost of a show there now. * * * I will bring this to a close for all the rest of the boys have gone to bed. So good night, one and all. From your son,

LESTER HOLADAY,
Hdqs. Co. F, A. R. R. A. P. O. 778.

Paris, Jan. 30.—The French press today warns the peace conferece to watch developments in Germany closely and cites recent incidents in Germany showing the growth and increasing strength of militarism.

Paris, Jan. 30.—The question of the disposition of German colonies is developing a serious difference of opinion among delegates to the peace conference. The British are backing up the claims of Australia and New Zealand for holding Germans possessions in the Pacific while the Japanese are endorsing the majority of British claims, expecting in return the support of Great Britain for a favored position in Shantung peninsula and in Manchuria as well. The French and Italian delegates also are supporting territorial claims. The position of the United States is directly opposed to the claims for territory. The views that have been exchanged thus far are of a courteous and friendly manner.

London, Jan. 30.—The labor crisis in Great Britain is the most vital problem of the day in the opinion of labor leaders and statesmen. Today's report shows a total of strikers in Great Britain has reached 223,000 and half a million people are unemployed. The Clyde and Belfast strikers are spreading today to private corporations and electric plants thereby greatly increasing the ranks of the idle.

THOSE SHOE BILLS! —KEEP THEM DOWN

Mr. John Held, merchant, of Salt Lake City, keeps an exact record of the shoes he wears. He writes: "I have worn pairs of Neolin Soles [illegible] me 19 months and I am on my [illegible] ninety per cent of the time."

This is not an extraordinary example of the money-saving service the people get from Neolin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep the bills down. They are scientifically made so they must wear.

Get Neolin-soled shoes at almost any good shoe store. Get them for your whole family in the styles you prefer. And have these cost-saving soles put on your worn shoes. ## GERMANS TREAT 'EM FINE.

**Omer Fisher Writes He's Not Homesick, but Change Will be Welcome.**

Omer P. Fisher, with the American Army of Occupation, writes from Germany to home folks as follows:

December 15.

"We have been on the move most of the time since the armistice was signed and are now in Germany about 22 kilometers from Luxemburg. I have passed through the city four times and it is quite pretty. The major put me in charge of battalion luggage and I do most of my moving in Ford cars—have three most of the time. The country about here is rather rough; nevertheless the hillsides are all in use and if too steep to farm they grow timber. We are close to the Rhine and I would like to have crossed it, but we are going in the opposite direction now—but if they will just start us home I am sure I will like crossing the old Missouri better. From what I hear I think we will be home in time to help with the next crop.

December 25.—Just had my first Christmas dinner in Germany. It was fine but I know a place I would rather eat my next one than here. We are at Schweich, quit a large village, 12 kilometers from Trier which is one of the oldest cities in Germany—has some 40,000 inhabitants. I came through on the trucks with the baggage and there is some fine scenery on the road. The regiment put on a program down town last night and the band played for an hour; had a little talk from the chaplain and then the "Y" men gave each soldier a pack of Camel cigarettes, a cigar and three bars of chocolate and those that had packages from home came and received them. I have not received mine yet but guess it will be along in a few days as they are coming all the time. I haven't seen Jerry for a week, but one of the boys in his company told me he was O. K. The people here sure treat us fine and I can understand their talking better than I could the French, and after staying here for so long I think it woul be easier to learn than French. We are to get our over-seas service stripes soon. Some of the boys here have three—one for each six months of service, but I am satisfied with one—not homesick, but a change would sure go fine."

It is claimed that Monks of ancient days knew of more than three hundred species of medicinal plants used in general for medicines by these religious orders. While centuries have passed, with all the advance made in medical science, many of our most successful remedies are today made from the roots and herbs of the field, like that good, old fashioned remedy, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women from some of the worst forms of female ills, and is now considered the standard remedy.—Adv.

ans and spoke to the first man on the right. He then passed to the second and the third, asking questions about their living conditions and their experiences at the front. Then the President abruptly stopped his questioning.

He had just noticed that every man in the group except the one to whom he was talking, continued to stand rigidly at attention, without the quiver of a muscle. The President appeared slightly startled at first and then seemed perplexed for a moment. Finally, he said:

"I don't know what command to give you to make you do it, but I wish all of you would relax for a moment and look as though you enjoyed this story."

The corporal in charge promptly stepped forward and commanded "at ease."

The President seemed much relieved as the group relaxed and continued his talk with the men.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

"Time was," a farmer told me the other day, "when I had to take all my little odd jobs of repairing to the blacksmith and the carpenter. It cost me money and wasted time. But no more!

The COUNTRY GENTLEMAN

has shown me how to do my own work. Handy Farm Mechanics—that's the page! Every week it helps me in my little repairs, points out short-cuts, tells how to make things, and explains every detail with drawings.

"I figure it has saved me a hundred dollars, at least, in the past three months. I wouldn't be without it for one hundred times the cost of my COUNTRY GENTLEMAN subscription!"

He's not the only man who profits from that page. It's written largely by men on farms—maybe you can send in an idea yourself. Anyway, get acquainted with it. And remember this—it's only one page out of forty to seventy each week that tell the whole story of farming, and which are packed with concrete money-saving suggestions about the very difficulties that bother *you*. THE COUNTRY GENTLEMAN saves hundreds of dollars a year, but it costs only $1 for 52 big issues.

Order through me—today!

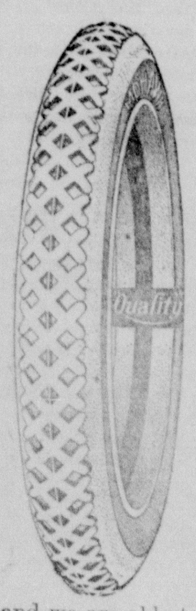
Kramer's Rebuilt Tires



We buy up good worn casings, that have been junked by careless owners, and rebuild them for sale.

Our rebuilt tires, while low in price, contain the same materials and workmanship that you get in the best tires.

We take a Goodyear, Firestone, Mohawk or Kelly Springfield casing that has the tread worn off, and probably one ply of fabric worn. We replace the worn fabric with a new ply, put on a new tread, either Goodyear or Firestone, and vulcanize it with the same machinery in the same way that it would be done in the best factory.

This makes a casing practically as good as a new standard tire, and we are able to sell it at a low price because the carcass, that is the rims side walls and most of the fabric, we have been able to buy very cheap, through the former owners' wastefulness.

We GUARANTEE our REBUILT TIRES to give the same mileage as a new tire, in proportion to cost.

We have all sizes in stock from 30x3 to 35x4½.

**Are You Awaiting The Great Crisis?**
If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.
Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours at the crisis are fewer and of much less pain and danger.
Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.
Write to the Bradfield Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

A feeling of languor clung to me. After using a few boxes of Doan's Kidney Pills, I received great relief and my health improved."

The above statement was given October 2, 1912, and on June 12, 1916, Mrs. Larrabee added: "Doan's Kidney Pills have done me more good than any other medicine I have ever used. They have always proven effective when it has been necessary for me to use them."

## TO PLAN MEMO...

MAYOR GARRETT WILL ASK ORGANIZATION OF COMMITTEE

## URGES ACTION STARTED

**Invites Civic, Religious, Educational and War Activities Societies to Be Represented at Meeting.**

The suggestion that Maryville erect a suitable memorial in honor of the Nodaway county soldiers and sailors promises to take definite form. Mayor W. O. Garrett today announced that he would ask that a central committee be organized from members of the various civic, religious, educational and was activities organizations in the city to take up the matter and see if definite plans might not be worked out. Mayor Garrett will ask that each organization name one of their members to this committee, the whole to form a central committee that will go into the matter thoroughly, working out such plans as may be deemed feasible that will result in a substantial memorial being erected.

Said Mayor Garrett today: "It seems that the people generally have expressed their opinion in favor of a memorial of some kind and I believe the cause merits action. While we all want to have a part in it, nobody seems inclined to make a start. I believe we can get at it by the organization of a central committee composed of members of the various religious, civic and war organizations of Maryville and I am writing each of them a letter asking that one of their members be named to such a committee. These organizations are thoroughly representative of Maryville and of the spirit and sentiment concerning a memorial and I believe that such a committee will be able to devise ways and means to build it."

Mayor Garrett will ask that the first meeting of the committee be held on the evening of February 14 in the Commercial Club rooms for discussion of plans and to take such further steps as may be decided on.

Representation on the central committee will be asked of the following organizations:

Nodaway County Red Cross.
Liberty Loan Committee.
War Savings and Thrift Stamp Com.
United W. W. Campaign Committee.
The City Council.
Commercial Club.
Ministerial Alliance.
Maryville Home Guards.
Nodaway County Court.
Public Schools.
Normal School.
Sunday Schools.
Grand Army of the Republic.
Knights of Columbus.
The Foresters.
Daughters of the Amer. Revolution.

## ...G FIRE A YEAR AGO TODAY

**This Is the Anniversary of the aMryville's Most Destructive Conflagration.—All Rebuilt Now.**

Among its other anniversaries Maryville will have occasion to remember January 30, 1918. Just a year ago today occurred the big fire that burned down five Main street buildings and did damage amounting to $150,000. It will long be remembered as one of the most exciting nights in the history of the city, as with the thermometer registering eleven degrees below zero and the fire department badly handicapped by intense cold and poor water pressure, it looked as if the entire Main street block would soon be in ashes.

All the buildings destroyed by the fire have been rebuilt and few traces of it now remain.

## PRESIDENT IN CAMP

AMUSING INCIDENT OCCURRED ON TRIP OF INSPECTION

## HIS "ORDERS" ARE OBEYED

**Mr. Wilson Shows Unfamiliarity With Military Requirements But Gave Pershing Correct Command.**

Paris, Jan. 30.—(By Mail).—Following his Christmas dinner at Montigny le Roi, headquarters of the Twenty-sixth Division, President Wilson stopped at several French towns in the Yankee Division's billeting area to inspect the living quarters of the troops. Mrs. Wilson, General Pershing, General Liggett, Major General Sumner—all, Rear Admiral Grayson, Brigadier General Harts and Ambassador and Madame Jusserand were present also.

In the village of Sarrey, headquarters of the third battalion of the One Hundred and Third Infantry Regiment occurred two rather amusing incidents of the inspection trip.

The first billet entered was the second floor of a typical French stable which was occupied by Corporal R. Turner in charge of the billet; Corporal Nycre, Privates Sokoslik, Benir, Montgomery, Sutton, Mitchell, Pitman, Simmons, Stehlik, Stewart, Whity, Stibbons, Davis and Carm all of Company I.

The room was spic and span, all equipment being neatly arranged on the bunks for inspection. General Pershing pointed out to the President the various parts of the equipment and explained their uses. Finally the General picked up from one of the bunk several sections of a collapsible tent pole and put them together, demonstrating to the President the use of this ingenious piece of the enlisted man's equipment. The demonstrations completed, the General dropped the pole back on the bunk and was turning toward other equipment when President Wilson touched him on the shoulder and pointed toward the tent-pole, lying out of place among the other well ordered equipment.

"Perhaps this man's kit will be inspected again and he wants it left just as we found it"

Then with the smile that has become famous during his visit to France he said.

"As your commanding officer, General Pershing; I order you to replace that tent pole just as you found it."

General Pershing, with his military precision which is a byword in the A. E. F., promptly recovered the humble tent pole carefully disjointed it and laid the pieces exactly in their proper places on the bunk. He then faced about and using the exact words of any junior officer in reporting to his senior officer, saluted and said:

"Sir, your order has been obeyed."

The incident brought a hearty laugh from all of the President's party and it was aslo noticed that the corporal was seized with a violent fit of coughing at the same moment.

At another billet occupied by Corporals W. E. Gould (in charge), Hesam, Wilderm, Hood and Potter, and the privates in their squads, totalling about thirty men, the President gave proof of his unfamiliarity with some of the primary requirements of soldiers.

The men were standing rigidly at attention, their eyes straight to the front. They were a fine looking lot and on the brest of several were pinned the ribbon of the Distinguished Service Cross. The President smiled genially as he approached these veter-

## TO GET WAR RECORD

SECURE BIOGRAPHY OF NODAWAY COUNTY MEN WHO SERVED

## 1,020 NAMES ARE ON LIST

**Miss Olive De Luce Appointed by Adjutant General to Have Charge of Compiling the Data.**

Miss Olive De Luce has been appointed head of the work in Nodaway county of securing a biographical record of each soldier in military service, for the purpose of securing an exact account of Missouri's participation in the war.

Miss Bettie Turner, head of the home service section of the Red Cross, has a list of every soldier in service which is as near correct as could be obtained since her work was started and this list contains 1020 names.

This work is being done under the direction of the adjutant general of the state and the appointment in Nodaway county was made through Miss Jessie Parcher, chairman of the women's division of the national counell of defense, which has now discontinued its activities.

It is the purpose of the state to secure all data regarding the soldiers of Missouri and their participation in the war and when it is completed the records will be bound in appropriate volumes and become a part of the state's history.

Miss De Luce will formulate a system of doing the work and subdivide the county into sections and appoint assistants to aid in securing the necessary history of each soldier.

## ARCH CARTER BACK

WAS SERIOUSLY WOUNDED IN FIGHTING IN ALSACE

## IN HOSPITAL 4 MONTHS

**Says Argonne Saw Bloodiest Battles of War and Regrets He Had to Miss It—Carries Souvenir.**

"I'm happy as a lark to get back—it was a great experience, but I'd not give a dime for another like it." It was Arch Carter, just out of service with the 35th division in France, talking. Mr. Carter returned home last night from Jefferson Barracks where he received his discharge papers.

Mr. Carter saw service in the Alsace region, his division being in the fighting in the Vosges mountains, where he was wounded shortly after getting to the front. "No, I don't bear any visible marks of it," he said, "but I'm carrying them around, however. My regret is that I should have been wounded so early in the game, for I missed the later fighting in the Argonne and at some of the other places. The Argonne saw the bloodiest battles of the war and they butchered them right and left.

"The fact of the matter is," he continued, "it was bigger than our boys were ready for, but they tackled the job, nevertheless."

Carter was wounded by shrapnel and has been in the hospital since last August. He is entirely recovered from his wounds, but still carries a large piece of shrapnel in his right limb.

In the East the people are showing their appreciation of the return of the soldiers by entertaining them in every way imaginable and showing them many attentions, he said. Going over in advance of the men of the 89th division, Carter said he did not meet any of the Nodaway county boys while in France, the two divisions being widely separated most of the time.

His foot slipped and to protect himself in falling he threw out his arm and the wagon passed over his arm, breaking the bone about two inches below the shoulder blade.

In addition to the break, the bone was split. Mr. Andrews was taken to the hospital at Wichita, Kan., and is still there for treatment.

### FROM LESTER HOLADAY.

**Mother Receives Letter From Son in Signal Corps in France.**

Mrs. Ida Holaday has received the following letter from her son, Lester Holaday, with the American forces in France. Lester has been overseas nine months and is in the signal service:

Camp Hunt, Lecourneau, France.

My dear Mother: I know that you will be interested in what we had for Christmas. Well, the first course was turkey, potatoes, dressing, then pie, cake, candy, cigarettes and cigars. The turkey was a little bit too salty, but that doesn't make any difference to a hungry soldier. We would have had a pretty nice time that day if our liberty had'nt been cut so short. There is a little city by the name of Arcachon which they call "Palm Beach France." It is within seven miles of our camp and on the beach and a good place to enjoy army life. I enjoyed yours and Laurena's Christmas presents very much and I thank you both in return for them. Yes, I am still working in the signal corps. I like it fine and will get to work at it until I return home. My pal that works with me was up on a pole a few days ago and it broke off with him and of course the ground stopped him. It hurt him, but nothing serious, only bruised him up a bit. Don't worry about me, for I will take care of myself. I am feeling fine and raring to take that ship ride home. Received your newspapers today and was sure glad to get them. The Maryville news looks real good to me. How is little brother and sister? Tell them I Will soon be home and they can tease me some more. I have to laugh when I think how funny they used to be. If I don't get home little brother will be big enough to wear my clothes. Very near nine months I gave out in this country and I am ready to come home. I see where Maryville has a new Woolworth store. It will be a great help. Big stores is what we should have to make our city look nice. If we only had some big factories it would be a great thing, too, for the laboring man doesn't stand a ghost of a show there now. * * * I will bring this to a close for all the rest of the boys have gone to bed. So good night, one and all. From your son,

LESTER HOLADAY,
Hdqs. Co. F, A. R. R. A. P. O. 778.

## MILITARISM IS GROWING

**Serious Difference of Opinion Develops Among Delegates as to Territorial Claims.**

Paris, Jan. 30.—The French press today warns the peace conferece to watch developments in Germany closely and cites recent incidents in Germany showing the growth and increasing strength of militarism.

Paris, Jan. 30.—The question of the disposition of German colonies is developing a serious difference of opinion among delegates to the peace conference. The British are backing up the claims of Australia and New Zealand for holding Germans possessions in the Pacific while the Japanese are endorsing the majority of British claims, expecting in return the support of Great Britain for a favored position in Shantung peninsula and in Manchuria as well. The French and Italian delegates also are supporting territorial claims. The position of the United States is directly opposed to the claims for territory. The views that have been exchanged thus far are of a courteous and friendly manner.

## 1-2 MILLION IDLE IN ENGLAND

**Labor Crisis Presents Serious Problem —Country Is Threatened With Industrial Chaos.**

London, Jan. 30.—The labor crisis in Great Britain is the most vital problem of the day in the opinion of labor leaders and statesmen. Today's report shows a total of strikers in Great Britain has reached 223,000 and half a million people are unemployed. The Clyde and Belfast strikers are spreading today to private corporations and electric plants thereby greatly increasing the ranks of the idle.

It is rumored that the proposed new bill will be accompanied by remission of the war debt and strong indictments to Ulster. Friends of Lord Middleton believe that his determined fight against the partition of Ireland is good indication that home rule is to come.

## GERMANS TREAT 'EM FINE.

**Omer Fisher Writes He's Not Homesick, but Change Will be Welcome.**

Omer P. Fisher, with the American Army of Occupation, writes from Germany to home folks as follows:

December 15.

"We have been on the move most of the time since the armistice was signed and are now in Germany about 22 kilometers from Luxemburg. I have passed through the city four times and it is quite pretty. The major put me in charge of battalion luggage and I do most of my moving in Ford cars—have three most of the time. The country about here is rather rough; nevertheless the hillsides are all in use and if too steep to farm they grow timber. We are close to the Rhine and I would like to have crossed it, but we are going in the opposite direction now—but if they will just start us home I am sure I will like crossing the old Missouri better. From what I hear I think we will be home in time to help with the next crop.

December 25.—Just had my first Christmas dinner in Germany. It was fine but I know a place I would rather eat my next one than here. We are at Schweich, quit a large village, 12 kilometers from Trier which is one of the oldest cities in Germany—has some 40,000 inhabitants. I came through on the trucks with the baggage and there is some fine scenery on the road. The regiment put on a program down town last night and the band played for an hour; had a little talk from the chaplain and then the "Y" men gave each soldier a pack of Camel cigarettes, a cigar and three bars of chocolate and those that had packages from home came and received them. I have not received mine yet but guess it will be along in a few days as they are coming all the time. I haven't seen Jerry for a week, but one of the boys in his company told me he was O. K. The people here sure treat us fine and I can understand their talking better than I could the French, and after staying here for so long I think it woul be easier to learn than French. We are to get our over-seas service stripes soon. Some of the boys here have three—one for each six months of service, but I am satisfied with one—not homesick, but a change would sure go fine."

It is claimed that Monks of ancient days knew of more than three hundred species of medicinal plants used in general for medicines by these religious orders. While centuries have passed, with all the advance made in medical science, many of our most successful remedies are today made from the roots and herbs of the field, like that good, old fashioned remedy, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women from some of the worst forms of female ills, and is now considered the standard remedy.—Adv.

ans and spoke to the first man on the right. He then passed to the second and the third, asking questions about their living conditions and their experiences at the front. Then the President abruptly stopped his questioning.

He had just noticed that every man in the group except the one to whom he was talking, continued to stand rigidly at attention, without the quiver of a muscle. The President appeared slightly startled at first and then seemed perplexed for a moment. Finally, he said:

"I don't know what command to give you to make you do it, but I wish all of you would relax for a moment and look as though you enjoyed this story."

The corporal in charge promptly stepped forward and commanded "at ease."

The President seemed much relieved as the group relaxed and continued his talk with the men.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filterers of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

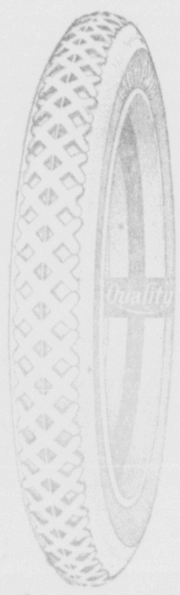
Kramer's Rebuilt Tires



We buy up good worn casings, that have been junked by careless owners, and rebuild them for sale.

Our rebuilt tires, while low in price, contain the same materials and workmanship that you get in the best tires.

We take a Goodyear, Firestone, Mohawk or Kelly Springfield casing that has the tread worn off, and probably one ply of fabric worn. We replace the worn fabric with a new ply, put on a new tread, either Goodyear or Firestone, and vulcanize it with the same machinery in the same way that it would be done in the best factory.

This makes a casing practically as good as a new standard tire, and we are able to sell it at a low price because the carcass, that is the rims side walls and most of the fabric, we have been able to buy very cheap, through the former owners' wastefulness.

We GUARANTEE our REBUILT TIRES to give the same mileage as a new tire, in proportion to cost.

We have all sizes in stock from 30x3 to 35x4½.

**Are You Awaiting The Great Crisis?**
If So, Do Not Allow the Time to Pass With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find that when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.
Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours of the crisis are fewer and of much less pain and danger.
Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.
Write to the Bradfield Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

Renewed testimony; tested by time.

Mrs. Mary Larrabee, 1307 E. Third St., says: "For some time I suffered from kidney trouble. I had sharp, shooting pains through my hips and loins, accompanied by frequent dizzy spells. A feeling of languor clung to me. After using a few boxes of Doan's Kidney Pills, I received great relief and my health improved."

The above statement was given October 2, 1912, and on June 12, 1916, Mrs. Larrabee added: "Doan's Kidney Pills have done me more good than any other medicine I have ever used. They have always proven effective when it has been necessary for me to use them."
